Pursuant to the Federal Communications Commission's Third Report and Order, Order on Reconsideration, and Fifth Further Notice of Proposed Rulemaking, FCC 21-60, released May 24, 2021 and effective October 26, 2021 (the "FCC 2021 Order"), the jurisdictional nature of an intrastate call depends exclusively on determining the physical location of the endpoints of the call being within the State of Alaska. To the extent that location data is not available, a call will be treated as jurisdictionally indeterminate and, therefore, subject to FCC jurisdiction. As a result, all call rates in this tariff are subject to the FCC's jurisdiction and rules regarding ICS. Securus' practices in connection with charging ICS call rates in connection with Inmate Calling Services complies with Federal Communications Commission Rule 47 CFR § 64.6030. Also pursuant to the FCC 2021 Order, any lower Alaska state ICS rate caps will also apply to any jurisdictionally indeterminate ICS call. If Securus segregates intrastate ICS from interstate ICS based on the physical location of the endpoints of an ICS call, then any other applicable Alaska state ICS rate caps will apply. The maximum ICS rates permitted by the FCC 2021 Order are set forth in the following table:

Type / Size of Facility	Maximum Rate Cap
Prison	\$0.14 per minute*
Jails with ADP of 1,000 or more	\$0.16 per minute*
Jails with ADP less than 1,000	\$0.21 per minute

* May include a Site Commission up to \$0.02 per minute pursuant to Securus' contract with the applicable Correctional Facility.

Alaska Department of Corrections Rates

The rates below apply to local calls regardless of distance or time of day.

Collect Rates, Prepaid Calling Cards, Prepaid Debit, AdvanceConnect:

First Minute: \$0.07

Each Additional Minute: \$0.07

Not to Exceed \$1.00 for a 15 Minute Call

Alaska Rate Exclusions

Local Calls to Alaska Bail Bond Agencies and State of Alaska Agencies, including but not limited to, the Office of the Public Defender, the Office of Public Advocacy, the Office of the Ombudsman and the Regulatory Commission of Alaska will be free calls. The Alaska Department of Corrections will provide Securus the list of qualified free calling telephone numbers. All additions or changes to the list of qualified free calling telephone numbers will be provided by the Alaska Department of Corrections.

LOCALAncillary Service Charges

Pursuant to the Federal Communication Commission's Report and Order on Remand and Fourth Further Notice of Proposed Rulemaking, FCC 20-111, released August 7, 2020 and effective November 23, 2020, ancillary service charges are considered jurisdictionally mixed (i.e., they cannot be segregated between interstate and intrastate calls) and, therefore, subject to FCC jurisdiction. For purposes of ancillary service charges, the jurisdictional nature of an intrastate call depends exclusively on determining the physical location of the endpoints of the call being within the State of Alaska. As a result, all ancillary service charges are subject to the FCC's jurisdiction and rules regarding ICS. Securus' practices in connection with charging ancillary service charges in connection with Inmate Calling Services complies with Federal Communication Commission Rule 47 CFR § 64.6020. If Securus segregates intrastate ICS from interstate ICS based on the physical location of the endpoints of an ICS call, then the ancillary service charges set forth in this tariff will apply to intrastate ICS calls in Alaska.

Federal Cost Recovery Charge

This is a charge used to recover the cost of fees and surcharges that Securus is permitted to pass through, without any markup, to Consumers, including those funding the Telecommunications Relay Service program.

REGULATORY COMMISSION OF ALASKA**SECTION 4 -- RATES AND CHARGES (CONTINUED)****Prepaid Calling Cards**

Where offered by the Confinement Facility, Inmates may purchase a Prepaid Calling Card for calls made by the Inmate User or Authorized User. Prepaid Calling Cards provide an alternative method to make calls and are designed for those Inmates who prefer to prepay for their calls. Calls are made by dialing a special access dialing sequence that connects directly to the Company's network at the Confinement Facility. A valid Authorization Code must be entered to access the account.

The Company's system automatically informs the Inmate User or Authorized User of the Prepaid Balance remaining on the Prepaid Calling Card and provides prompts to place the call by entering the destination telephone number with area code. Prepaid Calling Card service follows the same call validation processes and restrictions as Collect Calls from the Confinement Facility as described in the Inmate Service Restrictions section of this tariff. This includes notification and identification to the called party of the origination of the call from a Confinement Facility. Prepaid Calling Card calls also follow the same call processing restrictions regarding the blocking of calls from Inmates as a result of invalid validation of an Inmate or Inmate User or the intended End User. This includes access to interexchange carriers 800, 950, and 10xxx dialing codes, directory assistance, live operators, and other numbers as specified by the Confinement Facility and/or End User. Network usage is deducted from the Prepaid Balance on a real time basis as the call progresses. On Prepaid Calling Card calls, when the Prepaid Balance is one minute prior to depletion, the Inmate User or Authorized User will be interrupted with such an announcement.

(D)

Prepaid Calling Card service is available twenty-four (24) hours a day, seven (7) days per week to all terminating locations serviced. Access to such telephone services by an Inmate User may be subject to time-of-day and usage restrictions imposed by individual Confinement Facilities. No minimum service period applies. Prepaid Balances are not charged for incomplete calls.

The Confinement Facilities that offer the option of Prepaid Calling Cards may purchase Prepaid Calling Cards directly from the Company. Inmates then purchase the Cards from authorized personnel at the Confinement Facilities. The Company does not engage in direct monetary transactions with the Inmate. The Inmate may purchase a Prepaid Calling Card in denominations determined by the Confinement Facility. Prepaid Calling Cards are offered only to Inmates at Confinement Facilities and not to the general public. Prepaid Calling Cards are valid for one hundred eighty (180) days from the date of issuance. Unused Prepaid Balances may be used by the Inmate User or Authorized User following release from the Confinement Facility only through the Company's network by dialing a special toll-free access number which automatically connects the call to the Company's network. Unused Prepaid Balances are not refundable, nor may Prepaid Calling Cards be replenished upon the depletion of the Prepaid Balance. Inmates may purchase additional cards, as permitted by their Confinement Facility. In addition, where authorized by the Confinement Facility, the Company may permit Inmates to combine the unused Prepaid Balances on to a single Prepaid Calling Card.

The Account is set up with an initial payment and may be replenished by the End User. No specific minimum payment amount is required.

When the balance in an AdvanceConnect Account reaches ten dollars (\$10) or below, the End User will receive an automated courtesy call from the Company notifying the End User with such an announcement. If the End User's balance reaches zero prior to replenishment of the Account, the End User will be blocked from receiving further calls from any Confinement Facility served by the Company until the balance is replenished or an alternative billing arrangement is made.

The End User may request a refund of the available balance in the AdvanceConnect Account either by written request to the Company or by contacting the Company at its toll-free telephone number once the End User verifies certain account information.

Securus Debit is a prepaid telephone account offering made available to Inmates by the Company when permitted by the Confinement Facility. Securus Debit provides an alternative method for Inmates to prepay for and make calls. A Securus Debit account associated with the Inmate's Personal Identification Number (PIN) is automatically established by the Company. Inmates fund and replenish their Securus Debit account through electing to transfer funds from either their facility's inmate trust fund or commissary account to their Securus Debit account. Securus Debit accounts may also be funded by inmate friends and family members via the Company's points-of-sale. Funds placed in this account become the property of the Inmate.

Securus Debit calls are processed by dialing a special access dialing sequence that connects directly to the Company's network at the Confinement Facility. Inmates must enter a valid Authorization Code to access their Securus Debit account. The Company's system automatically informs the Inmate of the Prepaid Balance remaining on the Securus Debit account prior to each call, provides prompts to place the call by entering the destination telephone number, and informs the Inmate of the rates for the call being attempted. Call charges are deducted from the Prepaid Balance on a real-time basis as the call progresses. During a Securus Debit call, when the Prepaid Balance is one minute prior to depletion, the Inmate will be interrupted with such an announcement.

Securus Debit services are available twenty-four (24) hours a day, seven (7) days per week to all terminating locations serviced. Access to such telephone services by an Inmate may be subject to time-of-day and usage restrictions imposed by individual Confinement Facilities. No minimum service period applies. Prepaid Balances are not charged for incomplete calls.

Refunds of unused Securus Debit account balances are issued by the entity controlling the actual cash deposits, which is either the Company, the commissary, the Confinement Facility or its agent, depending on the specific arrangements, unless otherwise directed by state law. Depending on the entity issuing the refund, refund fees and/or minimum refund amounts may apply. The Prepaid Balance expires ninety (90) days from the date of the last call placed on the Securus Debit account unless alternative arrangements are expressly requested by the Confinement Facility. No refunds of unused balances will be issued after the expiration date.

INTRASTATE

Pursuant to the Federal Communications Commission's Third Report and Order, Order on Reconsideration, and Fifth Further Notice of Proposed Rulemaking, FCC 21-60, released May 24, 2021 and effective October 26, 2021 (the "FCC 2021 Order"), the jurisdictional nature of an intrastate call depends exclusively on determining the physical location of the endpoints of the call being within the State of Alaska. To the extent that location data is not available, a call will be treated as jurisdictionally indeterminate and, therefore, subject to FCC jurisdiction. As a result, all call rates in this tariff are subject to the FCC's jurisdiction and rules regarding ICS. Securus' practices in connection with charging ICS call rates in connection with Inmate Calling Services complies with Federal Communications Commission Rule 47 CFR § 64.6030. Also pursuant to the FCC 2021 Order, any lower Alaska state ICS rate caps will also apply to any jurisdictionally indeterminate ICS call. If Securus segregates intrastate ICS from interstate ICS based on the physical location of the endpoints of an ICS call, then any other applicable Alaska state ICS rate caps will apply. The maximum ICS rates permitted by the FCC 2021 Order are set forth in the following table:

Pursuant to the Federal Communication Commission's Report and Order on Remand and Fourth Further Notice of Proposed Rulemaking, FCC 20-111, released August 7, 2020 and effective November 23, 2020, ancillary service charges are considered jurisdictionally mixed (i.e., they cannot be segregated between interstate and intrastate calls) and, therefore, subject to FCC jurisdiction. For purposes of ancillary service charges, the jurisdictional nature of an intrastate call depends exclusively on determining the physical location of the endpoints of the call being within the State of Alaska. As a result, all ancillary service charges are subject to the FCC's jurisdiction and rules regarding ICS. Securus' practices in connection with charging ancillary service charges in connection with Inmate Calling Services complies with Federal Communication Commission Rule 47 CFR § 64.6020. Where offered by the Confinement Facility, Inmates may purchase a Prepaid Calling Card for calls made by the Inmate User or Authorized User. Prepaid Calling Cards provide an alternative method to make calls and are designed for those Inmates who prefer to prepay for their calls. Calls are made by dialing a special access dialing sequence that connects directly to the Company's network at the Confinement Facility. A valid Authorization Code must be entered to access the account.

The Company's system automatically informs the Inmate User or Authorized User of the Prepaid Balance remaining on the Prepaid Calling Card and provides prompts to place the call by entering the destination telephone number with area code. Prepaid Calling Card service follows the same call validation processes and restrictions as Collect Calls from the Confinement Facility as described in the Inmate Service Restrictions section of this tariff. This includes notification and identification to the called party of the origination of the call from a Confinement Facility. Prepaid Calling Card calls also follow the same call processing restrictions regarding the blocking of calls from Inmates as a result of invalid validation of an Inmate or Inmate User or the intended called party. This includes access to interexchange carriers 800, 950, and 10xxx dialing codes, directory assistance, live operators, and other numbers as specified by the Confinement Facility and/or called party. Network usage is deducted from the Prepaid Balance on a real time basis as the call progresses. On Prepaid Calling Card calls, when the Prepaid Balance is one minute prior to depletion, the Inmate User or Authorized User will be interrupted with such an announcement.

(D)

Prepaid Calling Card service is available twenty-four (24) hours a day, seven (7) days per week to all terminating locations serviced. Access to such telephone services by an Inmate User may be subject to time-of-day and usage restrictions imposed by individual Confinement Facilities. No minimum service period applies. Prepaid balances are not charged for incomplete calls.

The Confinement Facilities that offer the option of Prepaid Calling Cards may purchase Prepaid Calling Cards directly from the Company. Inmates then purchase the Cards from authorized personnel at the Confinement Facilities. The Company does not engage in direct monetary transactions with the Inmate. The Inmate may purchase a Prepaid Calling Card in denominations determined by the Confinement Facility. Prepaid Calling Cards are offered only to Inmates at Confinement Facilities and not to the general public. Prepaid Calling Cards are valid for one hundred eighty (180) days from the date of issuance. Unused Prepaid Balances may be used by the Inmate User or Authorized User following release from the Confinement Facility only through the Company's network by dialing a special toll free access number which automatically connects the call to the Company's network. Unused Prepaid Balances are not refundable, nor may Prepaid Calling Cards be replenished upon the depletion of the Prepaid Balance. Inmates may purchase additional cards, as permitted by their Confinement Facility. In addition, where authorized by the Confinement Facility, the Company may permit Inmates to combine the unused Prepaid Balances on to a single Prepaid Calling Card.

The Account is set up with the initial payment and may be replenished by the End User.

(D)

When the balance in an AdvanceConnect Account reaches ten dollars (\$10) or below, the End User will receive an automated courtesy call from the Company notifying the End User with such an announcement. If the End User's balance reaches zero prior to replenishment of the Account, the End User will be blocked from receiving further calls from any Confinement Facility served by the Company until the balance is replenished or an alternative billing arrangement is made.

The End User may request a refund of the available balance in the AdvanceConnect Account either by written request to the Company or by contacting the Company at its toll free telephone number once the End User verifies certain account information.

Securus Debit is a prepaid telephone account offering made available to Inmates by the Company when permitted by the Confinement Facility. Securus Debit provides an alternative method for Inmates to prepay for and make calls. A Securus Debit account associated with the Inmate's Personal Identification Number (PIN) is automatically established by the Company. Inmates fund and replenish their Securus Debit account through electing to transfer funds from either their facility's inmate trust fund or commissary account to their Securus Debit account. Securus Debit accounts may also be funded by inmate friends and family members via the Company's points-of-sale. Funds placed in this account become the property of the inmate.

Securus Debit calls are processed by dialing a special access dialing sequence that connects directly to the Company's network at the Confinement Facility. Inmates must enter a valid Authorization Code to access their Securus Debit account. The Company's system automatically informs the Inmate of the prepaid balance remaining on the Securus Debit account prior to each call, provides prompts to place the call by entering the destination telephone number, and informs the Inmate of the rates for the call being attempted. Call charges are deducted from the prepaid account balance on a real-time basis as the call progresses. During a Securus Debit call, when the prepaid account balance is one minute prior to depletion, the Inmate will be interrupted with such an announcement.

Securus Debit services are available twenty-four (24) hours a day, seven (7) days per week to all terminating locations serviced. Access to such telephone services by an Inmate may be subject to time-of-day and usage restrictions imposed by individual Confinement Facilities. No minimum service period applies. Prepaid balances are not charged for incomplete calls.

Refunds of unused Securus Debit account balances are issued by the entity controlling the actual cash deposits, which is either the Company, the commissary, the Confinement Facility or its agent, depending on the specific arrangements, unless otherwise directed by state law. Depending on the entity issuing the refund, refund fees and/or minimum refund amounts may apply. The prepaid balance expires ninety (90) days from the date of the last call placed on the Securus Debit account unless alternative arrangements are expressly requested by the Confinement Facility. No refunds of unused balances will be issued after the expiration date.
